

## ARIA

Aria is high performance architectural spotlight with modern design, the solid structure can withstand harsh outdoor weather, the luminaire can adapt to many applications with various optics and mounting options, various anti-glare options to provide visual comfort, choice of static white colour temperature or RGBW, made of high-grade die cast aluminium and treated with special corrosion resistant powder coat paint, customized solutions available upon request.

**Material-** Die cast aluminium housing with high corrosion resistance.

**Glass-** Tempered glass diffuser

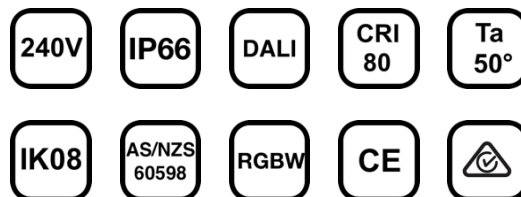

**Efficacy-** 61 - 78lm/W

**Finish-** Grey powder coated paint

**Input voltage-** 100-277V AC

**Dimming-** Dali, 0-10V, DMX

**Life:** 50,000 Hours L80 B10

<b>Model number: AR-15W-38-3K-U-H-S</b>	
Wattage: 12W   15W   30W   (multi lens)	Optics: 2.5°   3.5°   6°   12°   20°   30°   45°   5x20°   10x70°
Wattage: 15W   20W   (COB type)	Optics: 12°   24°   38°   45°   60°
Wattage: 12W   15W   30W   (RGBW)	Optics: 5°   15°   20°   30°   15x60°
CCT: 2700K   3000K   4000K   5000K   6000K   RGBW	
Mounting brackets: F   U   Z   L   M   H   S	
Accessories: A-Anti-glare shield   H-Honeycomb louvre   M-Meshed grill   G-Honeycomb glass	
Controls: S-Standard   D-Dali   A-0-10V   DM-DMX
